

## Decadent gifts for difficult people

### Moose Munch

Moose Munch is the ultimate goodie from Harry & David's. Forget their gorgeous fruit baskets, their artisanal jams and spreads and go for the popcorn! I buy this for myself and highly recommend the milk chocolate and the s'mores. Want something more festive? Try milk chocolate winter berry or dark chocolate peppermint. Not sure? Get a tin with a variety of flavors!

### McCrea's Candies caramel

A luxe caramel that is handcrafted in small batches, it makes the perfect gift — especially our holiday seasonal flavor, Cinnamon Clove.

Based in Boston, we are known for our use of striking seasonings to produce provocatively-flavored caramel candies. McCrea's flagship product features Hawaiian black lava sea salt swirled into caramel to provide a salty-sweet mouthful. Additional flavor combinations include Basil Cayenne, Ginger Fusion, Curried Butternut, and Rosemary Truffle Sea Salt. We also offer such classic flavors as vanilla, chocolate, maple, mocha, and coffee.

We use local, real-food ingredients and package our caramel in beautiful compostable containers. Everything is made in America. In fact, McCrea's is a Good Food Award winner, an honor given to outstanding American food producers and the farmers who provide their ingredients.

Our caramel is available for purchase online and in retail outlets throughout North America. Prices range from \$4-55 depending on gift size.

### Pain D'Avignon

These decadent treats are not only great to give to the foodie in your life, but a great hostess gift or way to avoid some holiday baking.

Pain D'Avignon was founded in 1992, in Cape Cod Massachusetts to take bread and baking way back to old world traditions. Using top quality ingredients – and you can taste the butter in the raspberry shortbread – they also do not rely on preservatives or artificial ingredients – no artificial flavors or colors to be found, just pure goodness.

With options like Le Brownie – which I only got a single bite of – Bonté et Santé, Biscotti in flavors like Lemon Pistachio (my favorite!), Chocolate Espresso, Fig, Cranberry Almond as well as the above mentioned Raspberry Shortbread there is something for everyone. Or if you're feeling extra generous give them an assortment of all.
